SUBJECT: Staff Comments on Draft Final Letter Report, Groundwater Sampling for Perchlorate at Investigation Area F1, Former Mare Island Naval Shipyard, Vallejo, California (October 26, 2004)

Dear Mr. Dunaway:

Water Board staff have reviewed the above-referenced document. As stated in our comments on the draft version of this document, Water Board staff agree further testing for perchlorate at the sampled locations in Investigation Area F1 is not warranted at this time based on the subject report. Investigation Area F1 is currently undergoing a Remedial Investigation, and potential sources or data gaps identified through this process and the associated regulatory review may necessitate additional sampling for perchlorate in the future

If you have any further questions regarding this matter, please contact me at (510) 622-2462 or via email to [gjr@rb2.swrcb.ca.gov](mailto:gjr@rb2.swrcb.ca.gov).

Sincerely,

Gary J. Riley, P.E.  
Water Resource Control Engineer  
Remedial Project Manager
