Subj: REPORT DETAILING SUBSTANTIVE REQUIREMENTS FOR WASTE
DISCHARGE FOR MARE ISLAND SOIL TREATMENT FACILITY

Dear Mr. Christian:

Enclosed please find the subject report for the Mare Island Soil Treatment Facility (SFT). Since the response actions taking place at Mare Island are taken pursuant to CERCLA, the Navy, as lead agency, is exempted from the requirements of seeking a permit. However, we must comply with the substantive requirements of any permit.

We have used the waste discharge requirements as a familiar format for detailing our substantive compliance with your permit requirements.

The point of contact regarding this submittal is Mr. Bob Pender at 707-556-3095.

Sincerely,
