Mr. Fred H. Dierker, Executive Officer
California Regional Water Quality Control Board (CRWQCB)
1111 Jackson Street, Rm 6040
Oakland, CA 94607

Dear Mr. Dierker:

Naval Air Station, Moffett Field, California has recently completed the second and third phases of the soil sampling and ground water monitoring investigation which was proposed during the meeting between CRWQCB representatives and Station personnel on 10 May 1983. The specifics of the test bores and chemical analysis of the soil and ground water are attached in enclosure (1) to this letter.

Your comments on the attached report, specifically the recommendations on page 5 of enclosure (1), are requested. Please contact the Station should you require further information.

A handwritten signature in black ink, appearing to read "M. A. Boratta", is located in the middle right section of the page.
