Gentlemen:

In response to your June 11, 1987, letter, our proposed investigation at the landfill sites is included in the submitted Sampling Plan for Naval Air Station, Moffett Field. However, at the present time our legal counsel at the Western Division, Naval Facilities Engineering Command has not yet made a determination on whether the Calderon Assembly Bill 3525 applies.

Our sampling plan describes a detailed investigation to determine whether there is any migration of contamination from these sites. We believe our investigation will satisfy the intent of the Solid Waste Assessment Test (SWAT).

This approach will determine the status of the landfill and prevent unnecessary duplication of effort.

If there are any questions, please contact Ensign Heckmann at (415) 966-5330.

Sincerely,

C. T. Meyer, III
