Dear Mr. Mitani:

The Navy is currently working on the Community Relations Plan (CRP) and finalizing the Remedial Investigation (RI) Workplan for Naval Air Station, (NAS), Moffett Field. On 14 January 1988, the Navy met with Helen Burke and yourself, to discuss the CRP. It was our understanding from Ms. Burke and you that the CRP and the completion of the RI Workplan may be worked on concurrently. This letter is to confirm that understanding.

Should there be any questions regarding this matter, the point of contact is, Commander, Western Division, Naval Facilities Engineering Command (Attn: Ms. Chloe Jue, 1146CJ, (415) 877-7504).

Sincerely,
