**SUBJECT: Northern Channel Sampling**

**REFERENCE: Department of the Navy letter, dated December 20, 2001**

Dear Ms. Muckerman:

We are in receipt of the above referenced letter notifying Lockheed Martin Space Systems Company, Missiles & Space (LMSSC) of your request to obtain sediment samples on LMSSC property (Lockheed Channel). Granting of access is typically provided through an access agreement. In order for us to better understand the proposed work and future consider your request, please provide the following:

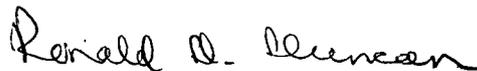

- A copy of the CERCLA cleanup order which is directing the investigation. Please specify the specific sections(s) of the order requiring channel samples.
- Any workplans which describe the proposed work.
- Suspected contaminant concerns warranting the sampling request.
- Proposed sampling methodology and laboratory analyses for each sample location.

With above information, we can determine the appropriate method of granting access to Lockheed Martin property.

Should you have any questions, please contact me at (408) 742-0795.

Sincerely,

LOCKHEED MARTIN SPACE SYSTEMS COMPANY

Ronald D. Duncan, Manager  
Environment, Safety & Health
