One of our comments is regarding the post remediation confirmation sampling strategy at Site 27, which the Navy agrees to address it in the Remedial Design Work Plan. Other than this comment, the Navy has satisfactorily addressed EPA's remaining comments and we have no further comments. We understand the Final Feasibility Study Report for Site 27 will be submitted within 30 days from Navy's receipt of this letter.

Thank you for the opportunity to review the Draft Final Feasibility Study Site 27- The Northern Channels. If you have any questions, please feel free to call me at (415) 972-3018, or contact me by email at tan.lida@epa.gov.
