Encl: (1) Modifications to Attachment 3 of the Federal Facilities Agreement Schedule

1. Enclosure (1) is forwarded for your review.

2. Responses to comments submitted by U.S. Environmental Protection Agency (EPA) have been incorporated into this document. A brief discussion of the responses is presented below:

- The Field Work Plan (FWP) has been added to both OU-6 and the station wide sections of the schedule as primary documents.
- The schedule has been changed to reflect the consultation clause of the FFA. A draft document deadline is listed for each primary document. The draft final and final documents are then listed with target submittal dates per the consultation section of the FFA.
- To reflect current EPA guidance, the Remedial Design/Remedial Action (RD/RA) Schedule submittal has been retitled as RD/RA Workplan. The deadline submittal date for the draft RD/RA Workplan has been changed so that it will be submitted concurrent with the draft Record of Decision (ROD).

3 Should you have any questions or comments regarding this matter, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Mr. Paul Ko, Code 1813PK, (415) 244-2516).
