Ms. Roberta Blank
Remedial Project Manager
U. S. Environmental Protection Agency
75 Hawthorne Street
San Francisco, CA 94105

Dear Ms. Blank,

In accordance with the Naval Air Station, Moffett Field, California, (NAS Moffett Field) Federal Facilities Agreement schedule, the Draft Final Remedial Investigation (RI) Reports for both Operable Unit (OU) 2 and OU 4 were submitted to you, under separate cover, on August 3rd. Copies of the responses prepared to address the comments received on the Draft OU2 and OU4 RIs were also provided with the Draft Final RI reports. As you are aware, both the OU2, and OU4 Draft Final RI Reports will be considered Final RI Reports if no further comments are received by September 3, 1992.

Also submitted under separate cover on August 3rd, was the Draft OU4 Feasibility Study and Proposed Plan. Review comments for this primary document are due on October 2, 1992.

If you have any additional questions or concerns, please feel free to contact either Mr. Stephen Chao at (415) 244-2563 or Ms. Camille Garibaldi at (415) 244-2541.

Sincerely,

original signed by:
GILBERT A. RIVERA
Head, Installation Restoration Section
