Sunnyvale, CA 94089-3504

Dear Mr. Lund:

SUBJECT: MOFFETT FIELD SITE 27 – PROPERTY CORNER SURVEY

The Navy will be performing the boundary survey necessary to establish the location of property boundaries along the Northern Channel (Site 27) at the Former NAS Moffett Field.

The Navy has contracted with surveying crews who will be conducting the necessary fieldwork in the area to identify property corners to needed to establish property boundaries. Navy has included as a contract condition that the land surveyor contact the property owners directly before fieldwork begins. Please provide the name, telephone number, and physical address of the appropriate contact person at Lockheed Martin.

The Navy greatly appreciates Lockheed Martin's facilitating access to property along the Northern Channel in order to perform the boundary survey. Thank you for your assistance with this key step in the remediation of Site 27.

As always, if you have any questions, please do not hesitate to contact me at (619) 532-0911 or Mr. Scott Gromko at (619) 532-0933.

Sincerely,

A handwritten signature in black ink that reads "Andrea Espinoza".

ANDREA ESPINOZA  
BRAC Environmental Coordinator
