Re: Moffett Field OU6 Draft Final Phase I Site-Wide Ecological  
Assessment (SWEA) Work Plan Response to Comments

Dear Mr. Chao:

U.S. Environmental Protection Agency has received and reviewed the subject document. The responses to our comments for the Phase I SWEA Work Plan are adequate. However, there are a few outstanding issues which relate to the Phase II SWEA. We think that a meeting prior to the preparation of the Phase II SWEA Work Plan will resolve these issues.

As discussed in the meeting on February 11, 1993, the submittal dates for the Phase I OU6 RI (SWEA) Report and Phase II OU6 RI (SWEA) Work Plan should be included in the FFA Schedule. Since the Draft Phase I SWEA is going to be submitted in the form of a letter report, the Draft OU6 RI Report due on February 1, 1994 should be a comprehensive document that includes both findings of the Phase I and Phase II work.

I will be out of the office for about six weeks. If you have any questions regarding this matter, please contact Mike Gill at (415)744-2383.

Sincerely,

A handwritten signature in black ink, appearing to read "Lida Tan".
