Re: Draft Responsiveness Summary for OU1 Feasibility Study / Proposed Plan,  
dated October 30, 1995

Dear Mr. Chao,

The U.S. Environmental Protection Agency (EPA) has received the internal review version of the subject document. We have marked up those responses that we believe are insufficient on the original letter. These are being sent to Mike Young at PRC, but because of their size (over 40 pages), other copies are not being made. Our comments should be incorporated into the next version that will be sent to the community. If you have any questions or if other addressees need a copy of the comments, please call me at 415-744-2385.

Sincerely,

A handwritten signature in cursive script that reads "Michael D. Gill".
