Re: *Final Horizontal Conduit Study Technical Memorandum*, dated August 4, 1995

Dear Mr. Chao,

The U.S. Environmental Protection Agency (EPA) submitted comments to the Navy on the subject document in a letter dated September 20, 1995. During our conference call of October 18, 1995 (between Navy, State and EPA), the Navy provided acceptable verbal responses to these comments, but we have seen no change pages in the mail. We have been assured of these change pages a few times in the six months since our call, but have received nothing. In order for us to concur on this document as final, we request that you forward these change pages to the regulatory agencies as soon as possible. If you have any questions, please call me at 415-744-2385.

Sincerely,

A handwritten signature in cursive script that reads "Michael D. Gill".
