Re: *Draft OUI Field Investigation Technical Memorandum*, dated July 19, 1996

Dear Mr. Chao,

The U.S. Environmental Protection Agency (EPA) has received the subject document and generally agrees with the findings of the investigation. Following are two comments that need to be addressed for clarification. If you have any questions, please call me at 415-744-2385.

1. Section 3.1, page 17. If in fact the utility location survey is not going to impact work at Sites 1 and 2, please state it. The conclusion of the survey is missing or unclear.
2. Section 3.2, page 20. Regarding the new groundwater monitoring wells, please state the sampling frequency and what analyses will be conducted.

Sincerely,

Michael D. Gill
