re: Authorization of Extraction Trench Groundwater Discharge

Dear Mr. Nusrala:

Enclosure (1) is forwarded in response to the RWQCB's request (Ref (a) letter) for additional information in regards to the groundwater treatment prior to discharge. The proposed effluent monitoring, treatment plant contingency plan and sand filter maintenance are addressed. I am confident that the information supplied meets your pre-discharge requirements and we will be discharging the treated groundwater in the near future. The RWQCB will be notified prior to this action occurring. We can discuss any comments or questions at the next RPM meeting or you can call me at (415) 244-2552.

Sincerely,
