be sentenced on Dec. 2 by Judge William Alsup in San Francisco. Anthony Sasso faces a mandatory minimum sentence of 10 years in prison and a \$4 million fine on manufacturing and conspiracy charges. The maximum penalty is life in prison, Clay said. For each money laundering charge, the Sassos face a maximum of 20 years in prison and a \$500,000 fine. However, Alsup has the discretion to impose a lesser sentence. The pleas ended a two-year investigation of the Sassos by the U.S. Drug Enforcement Administration, the Internal Revenue Service and local authorities. The Sassos were indicted by federal grand juries in California and Oregon in 2002.

PUBLIC NOTICE

Restoration Advisory Board Meeting and Site Tour, Saturday, August 9, 2003

The Department of the Navy (Navy) has partnered with environmental agencies and the community to coordinate the environmental restoration and cleanup of Point Molate under the Navy's **Installation Restoration (IR) Program**. The Point Molate Restoration Advisory Board (RAB) supports the IR Program. RAB meetings are **OPEN TO THE PUBLIC** and are intended to provide an open forum for the community to attend and participate in the IR Program at Point Molate.

Join us on **Saturday, August 9, 2003, at 9:00 AM** at **Building 6** on former Naval Fuel Depot Point Molate, for the next RAB meeting and a tour of the IR Program sites on the former base.

To reserve your place on the tour, please contact Mr. Wynn Yin at (925) 210-2453, no later than **August 6**, and leave your name and the number of attendees. If you need directions to the former base, please let Mr. Yin know and they will be mailed to you.

If you have any questions, please contact Mr. Michael Bloom, BRAC Environmental Coordinator, Southwest Division Naval Facilities Engineering Command, San Diego, CA, at (619) 532-0967 or by e-mail at bloomms@efdswnavfac.navy.mil

For more information on the Navy's environmental program, please visit the Southwest Division web site at <http://www.efdswnavfac.navy.mil/environmental/envhome.htm>
