Ser 1832.CP/616  
July 15, 1996

Mr. Martin M. Hausladen  
U.S. Environmental Protection Agency  
Region IX  
75 Hawthorne Street  
San Francisco, CA 94105

Dear Mr. Hausladen:

The purpose of this letter is to document our July 15, 1996, phone conversation. As per our conversation, it was stated that EPA had no further comments on the Draft Report on the Phase I Site Assessment (SA) at the Steam Tunnels (POI 38) Naval Training Center, San Diego, California. Since you will be out of the office and unable to send official correspondence for the remainder of the week, this letter serves as documentation of EPA's concurrence on the Phase I SA at the Steam Tunnels (POI 38).

Fieldwork activities will be initiated on July 29, 1996. The Phase II Draft Site Assessment report will be available September 17, 1996.

Southwest Division looks forward to a continued strong working relationship. If you have any further questions, please contact the undersigned at (619) 532-3341.

Sincerely,

CONTENT P. ARNOLD  
Remedial Project Manager  
By direction of the Commander
