REVIEW OF WORKPLAN ADDENDUM FOR AN EXTENDED SITE
INSPECTION AT THE INACTIVE LANDFILL, NAVAL TRAINING
CENTER, SAN DIEGO

Dear Mr. Forman:

The Integrated Waste Management Board, the Regional Water Quality Control Board, and the Department of Toxic Substances Control, collectively known as the State, have reviewed the revised draft extended site inspection workplan addendum for the inactive landfill trenching activities. This draft copy was telefaxed to us on September 30, 1996. Comments on the previous draft addendum were provided verbally during our telephone conference of September 26, 1996.

Based on our review, the State believes that this draft addendum has adequately addressed our comments provided during our telephone conference. We agree that the investigation should commence as soon as possible to avoid further delay to this project.

If you have any questions regarding this letter, please feel free to contact me at (310) 590-4897.

Sincerely,
