BRAC OFFICE

FINAL REMEDIAL INVESTIGATION REPORT, INSTALLATION RESTORATION SITE
30, DAYCARE CENTER, NAVAL STATION TREASURE ISLAND, SAN FRANCISCO,
CALIFORNIA.

Dear Ms. Landers:

The Department of Toxic Substances Control (DTSC) staff completed its review of the Final Remedial Investigation (RI) Report for Installation Restoration Site 30 (Day Care Center), dated February 2006. The stated purpose of the RI was to 1) collect data to characterize site conditions, 2) determine the nature and extent of contamination, and 3) assess risk to human health and the environment for Site 30 in partial fulfillment of the ongoing activities and responsibilities required under the Navy's Installation Restoration Program. Based on our review of the final RI, and responses to our previously submitted comments, DTSC does not have any further comments at this time.

If you have any questions regarding this letter, please contact me at (510) 540-3763.

Sincerely,

David Rist
Hazardous Substances Scientist
Office of Military Facilities
