INSTALLATION RESTORATION SITES 30 AND 31 FEASIBILITY STUDY REPORTS,
FORMER NAVAL STATION TREASURE ISLAND, SAN FRANCISCO, CALIFORNIA

Dear Mr. Sullivan:

The Department of Toxic Substances Control (DTSC) received the November 16, 2006 *Final Feasibility Study Report Installation Restoration Site 30, Daycare Center* and the February 16, 2007 *Final Feasibility Study Report Installation Restoration Site 31, Former South Storage Yard* (Site 30 FS Report and Site 31 FS Report, respectively) for sites at the Former Naval Station Treasure Island, San Francisco, California. The Navy finalized these FS Reports without receiving DTSC's concurrence. Subsequent to the Navy's finalization of the FS Reports, the Navy has prepared draft Proposed Plans for these sites dated November 20, 2007.

DTSC provided comments on the Site 30 and 31 Draft Proposed Plans/Draft Remedial Action Plans to the Navy on February 4, 2008. DTSC considers the submitted comments on the Site 30 and 31 Draft Proposed Plans/Draft Remedial Action Plans relevant to the respective Feasibility Study Reports and anticipates that applicable comments will be addressed and incorporated into the Final Site 30 and 31 Proposed Plans / Remedial Action Plans. Therefore, DTSC does not plan to provide specific comments on the Sites 30 and 31 Feasibility Study Reports.

Mr. Sullivan
