

Private Drinking Water Well Sampling Property Owner Questionnaire

If the drinking water consumed on your property comes from local groundwater (e.g., a private well), we would like to sample your drinking water to test for certain per- and polyfluoroalkyl substances (PFAS), at no cost to you. Properties that have drinking water provided by the Onslow Water and Sewer Authority do not need to be sampled.

If you do not have a drinking water well, please complete the questionnaire by completing questions 1 and 2 below (marking "no" for question 2) and return to us through one of the options listed below. If the drinking water consumed on your property comes from local groundwater (e.g., a private well), please complete as much of the questionnaire as possible and return the form through one of the options listed below or return to the Department of the Navy contractor when your drinking water well is sampled. Forms can be submitted by any of the following:
