

**OFF-BASE DRINKING WATER SAMPLING
NEAR MARINE CORPS OUTLYING
LANDING FIELD ATLANTIC
OPEN HOUSE**

The Navy and Marine Corps are conducting drinking water well sampling near Marine Corps Outlying Landing Field (MCOLF) Atlantic beginning in May 2025. The sampling is for certain per- and polyfluoroalkyl substances (PFAS), which may be present in drinking water wells due to past use of firefighting foam or other PFAS-containing materials on the field.

We invite you to attend an open house on May 22, 2025, any time between 5:00 p.m. and 7:00 p.m. at the Atlantic Elementary School gymnasium, 151 School Drive, Atlantic, NC 28511. We will have informational displays about this sampling along with representatives from the Navy, Marine Corps, and North Carolina state agencies available to answer questions you may have.

If you have a drinking water well on your property and your property is located within the sampling area, the Navy and Marine Corps would like permission to sample your drinking water at no cost to you. You may schedule a drinking water well sampling appointment by leaving a message at **1-877-MCOLF17 (1-877-626-5317)** with your name, property address, and telephone number.

The Navy and Marine Corps are committed to keeping the public informed of their drinking water well sampling. For more information, please visit this website: <https://go.usa.gov/xSdK3>.
