

# OFF-BASE DRINKING WATER SAMPLING NEAR NAVAL WEAPONS STATION EARLE

## REMINDER - PLEASE SCHEDULE A SAMPLING APPOINTMENT

The Navy is conducting a second round of drinking water well sampling near NWS Earle. The sampling is for certain per- and polyfluoroalkyl substances (PFAS), which may be present in these drinking water wells due to past use of firefighting foam or other PFAS-containing materials on base. Our records review indicates that your property is located within the sampling area and that you have not scheduled an appointment to have your drinking water well sampled. If you have scheduled an appointment, please disregard this notice.

The Navy would like permission to sample your drinking water well at no cost to you. Additional drinking water sampling appointments are being scheduled for April 11, 2023 to April 21, 2023. You may schedule a sampling appointment by calling **833-737-7267 (833-REQSAMP)** and leaving a message with your name, property address, and telephone number. If your drinking water is provided by NJ American Water, we do not need to sample your water. If your drinking water is provided by NJ American Water, or if you do not have a drinking water well, please call 833-737-7267 to let us know so that we can update our records.

We are committed to keeping the public informed of the Navy's drinking water sampling. To view the sampling area, and for more information, please visit our website at: **[www.navfac.navy.mil/nwsearlepfas](http://www.navfac.navy.mil/nwsearlepfas)**.
