

Municipal Water Filling Station

The City of Chesapeake, Department of Public Utilities, has established a FREE water filling station for use by residents impacted by the groundwater issue in the vicinity of Naval Auxiliary Landing Field Fentress. Residents who have concerns about their well water used for drinking and cooking are welcome to draw water from this site. Any other use of this filling station is prohibited.

Location: 1564 Mount Pleasant Road
(across the street from Butts Road Intermediate School)

Hours of Operation: Daily, including weekends - Sunrise to Sunset

**Beginning
Saturday, January 30**

Residents should ***bring their own containers*** to transport water. There is no cost for the water.

The water provided is from the City of Chesapeake municipal water supply, which is not subject to the concerns related to groundwater around NALF Fentress.
