

PRIVATE DRINKING WATER WELL SAMPLING NEAR NAVAL AUXILIARY LANDING FIELD FENTRESS

The Navy is conducting drinking water well sampling near Naval Auxiliary Landing Field Fentress beginning in June 2025. The sampling is for certain per- and polyfluoroalkyl substances (PFAS), which may be present in drinking water wells due to past use of firefighting foam or other PFAS-containing materials on base. Our records indicate your property is located within the sampling area, has a drinking water well, and you have not yet scheduled an appointment to have your drinking water well sampled. If you have scheduled an appointment, please disregard this notice. The Navy is requesting to sample your drinking water well at no cost to you.

You may schedule a sampling appointment by leaving a message at **1-800-931-6118**. Please include your name, property address, and telephone number. If you do not have a drinking water well, please call **1-800-931-6118** to let us know so we can update our records.

We are committed to keeping the public informed of the Navy's drinking water sampling. To view the sampling area, and for more information, please visit our website at: <https://go.usa.gov/xSvt9>.
