* Topics will be presented in a poster session format. Please arrive any time between 6:00 and 7:30 PM to discuss topics with project scientists and engineers.

A meeting flyer was also mailed to everyone on the Restoration Advisory Board (RAB) mailing list.

Meeting Format and Content

The May 2018 RAB meeting was presented in a poster session format to provide an opportunity for community members to engage in an informal dialogue with project team members.

Fourteen presentation boards were on display at the RAB meeting and handouts were also available for further information. Poster stations included the following:

- Site 6 – Firefighter Training Area
- The History of Herbicide Orange at NCBC Gulfport

In addition, a video of the soil stabilization project on Sites 8 B&C was available for viewing.

Key Concerns Expressed by Community Members

There were no environmental concerns voiced by community members at this meeting. One community member expressed concern about the small number of community members attending the meetings. After discussing the efforts taken by the Navy to advertise the meetings, she expressed satisfaction that an adequate attempt was made to inform the public .
