Meeting Format and Content

The September 2015 RAB meeting was presented in a poster session format to provide an opportunity for community members to engage in an informal dialogue with the project team.

The main topic of the meeting was a general update on the Environmental Restoration Program at NCBC Gulfport.

Key Concern Expressed by Community Member

One community member expressed concern about the possibility of health effects from the former storage of bauxite at NCBC Gulfport. The Installation Restoration Program Manager agreed to explore these concerns with the community member after the meeting.
