6:00 - 7:30 PM*

*Topics will be presented in a poster session format. Please arrive any time between 6:00 and 7:30 PM to discuss topics with project scientists and engineers.

A meeting flyer was also mailed to everyone on the Restoration Advisory Board (RAB) mailing list.

Meeting Format and Content

The December 2018 RAB meeting was presented in a poster session format to provide an opportunity for community members to engage in an informal dialogue with project team members.

Presentation boards and a video projection were on display at the RAB meeting. Handouts were available for further information. Information presented included the following:

- The History of Herbicide Orange at NCBC Gulfport (posters)
- Site 6 – Firefighter Training Area (posters)
- Status of Construction of the Roller Compacted Concrete Cover on Sites 8 B&C (video)

Key Concerns Expressed by Community Members

Community members were actively engaged in discussions with team members. One community activist expressed interest in receiving additional written (i.e., copies of poster material) information to share with the community. Team members arranged to have copies provided to him directly via email and noted that the information is also posted on the website shown on the meeting announcements.
