

NAVFAC Directorates

Planning, Design & Construction (PDC) – NAVFAC’s PDC Directorate strives to deliver better, faster, and more cost-effective facilities to our clients. This business line encompasses execution of project development, A&E design, in-house design, construction, as well as medical facilities and waterfront and ocean facilities. Provides efficient, effective and creative acquisition strategies with the best business practices and processes to meet our client needs. Accurate forecasting of our workload and resource requirements are critical to our success.

Expeditionary- NAVFAC Expeditionary Directorate are to provide theater engagement (TE) and contingency engineering (CE) support to the deployed warfighter; develop and maintain the warfighter materiel allowance lists known as Tables of Allowances (TOA); conduct initial outfitting and total life-cycle systems management of the materiel solutions authorized in the TOAs; and support the operations of the Navy Expeditionary Combat Enterprise (NECE).
