

Officer in Charge of Construction Marine Corps Installations East

ANGLICO/Intel Battalion Complexes

CONTRACTOR: Turner Universal
AWARD DATE: 29 June 2011
COMPLETION DATE: 01 June 2014
PERCENT COMPLETE: 11% (as of 20 May 12)
CONTRACT VALUE: \$99,432,456

PROJECT DESCRIPTION:

Design-Build contract to construct 2nd Intel Battalion a low-rise 197,000 square foot maintenance and operations complex and a multi-story 57,500 square foot HQ building for Air and Naval Gunfire Liaison Company (ANGLICO) and support functions including vehicle maintenance, communications, training and warehouse functions. Buildings includes battalion and company level operations center spaces, watch room with video-teleconference capability, antenna farm, secure storage, non-secure entry quarterdeck, secure operations spaces constructed as a sensitive compartmented information facility (SCIF), and an exterior covered canopy for secure parking of vehicles inside a fenced compound. Construction also includes a battalion aid station, tactical vehicle maintenance shop, utility plant and supply warehouse. Exterior work includes site landscaping & lighting, paved parking and roadways, sidewalks and intersection improvements. The project will conform to LEED, LID, and Federal Energy Acts compliance criteria for design, development, and construction.
