Naval Acquisition Development Program (NADP)

The Naval Acquisition Development Program (NADP) provides professional development to promote the growth of entry-level professionals in finance, contracting, logistics, science, and engineering. It is an incredibly important initiative within the Navy to build the Acquisition workforce.

The two to three-year, paid program will provide you with the opportunity to become a skilled employee, ready to aid in NAVFAC's continued success.

To search for opportunities with the NADP, visit the USAJOBS website, enter "NADP" in the keyword search to be able to view each position that is currently open.

For more information on NADP, go to:

<https://www.secnav.navy.mil/rda/workforce/Pages/NADP/Applicants.aspx>

Professional Development Center (PDC)

The two to three-year paid program will provide you with the opportunity to become a well-rounded, high-performing, acquisition or engineering professional. To be considered for PDC Program, please look for announcements at the USA Jobs website and submit your résumé.

If you have questions about the PDC or NADP Programs, please send email to NAVFAC_CareersNFI.fct@navy.mil.
