

Personal Protective Equipment (PPE)

Safety and PPE
Keep you healthy and injury free.

Save the senses you hold dear;
Make sure to wear protective gear.

Avoid the crunch-wear your PPE.

It's just good sense
To use the proper safety equipment.

Don't be a horse's rear.
Wear that safety gear.

Winning the race means
Wearing your safety equipment.

Don't assume you are safe
Use your protective equipment.

Don't horse around with PPE - wear it right.

Be picky about wearing safety gear.

Protect your eyes and ears
So you can use them in future years.

Wear safety equipment
Where it will protect you.

Use good horse sense when picking PPE.

Safety Equipment - not using is abusing.
Be cool - wear PPE as a rule.

Wearing your safety equipment
makes good horse sense.
It pays off in the long run.

Horsing around with PPE
Could turn into a tragedy.

Safety gear is not much good,
If you don't wear it where you should.

You should not have to be nagged
To wear your safety equipment.

Dress for the unexpected.

No need to fear
If you wear the proper gear.

Safety gives no guarantee
Without wearing proper PPE.

PPE with holes and tears
Bring unexpected cuts and snares.

Personal protective equipment safety
Is taking out what you put in.

Because I wore my PPE,

PPE: The sensible way to protect your senses.

PPE: Uniforms of life.

Once you've been given the proper equipment,
Please use it!

Like hard hats and safety glasses,
Your hearing protection
Is only as good as you let it be.

It's the little things that get you;
Wear proper protective equipment.

It can't protect you unless you wear it.

Industrial workers can shift into safety with PPE.

If you're cheap when it comes to safety,
It can cost a lot more than money.

If you wear your PPE,
You'll be on the cutting edge of safety.

If you wear loose clothing around machines,
You could lose more than just your shirt!

Hardhats on for safety!

Dress for the occasion, use the proper PPE.

Don't stick your neck out;
Wear protective gear.

Dress defensively; use your PPE.

Don't monkey around with makeshift protection.

Don't let noise hurt your income;
Wear proper PPE.

Don't let a question of attitude cause you to lose face;
Wear your PPE.

Don't be dressed to spill;
Wear appropriate clothing for the job.

Doesn't your job come with enough risks?
Use your PPE.

Choose the right bodyguard; use your PPE.

Be sure grass is the only thing you cut this summer.
Wear the proper PPE at home too!

Be on the best dressed list;
Wear personal protective equipment.

You won't have anything to fear
If you wear all of your safety gear.

You can count on your fingers and toes.

I can still see all of me!

Wear your safety gear,
It can come in handy.

We should always care for our safety wear.

Check your equipment before you start
Or from this world you soon may part.

Use proper PPE and safe you'll be.

Take time to use your safety gear.
Or else you may end up on your rear.

Don't wait 'til it's too late.
Use safety equipment now!

If it's torn,
It shouldn't be worn.

Protective clothing-
The answer to a burning question.

Save yourself from the coffin;
Use safety gear often.

PPE is the way to go,
If you're not sure how to pin the flow.

Protect yourself through the year;
Make sure to wear your safety gear.

You have the right stuff, use it.
Always wear your PPE.

Show your safety commitment-
Use the proper equipment.

There is no substitute for proper safety equipment!
You have everything to lose by not wearing your PPE.

You are irreplaceable;
Wear your PPE every day.

Without proper PPE,
Hazards will stop at nothing.

When buying PPE,
You're shopping for your life;
Don't get cheap.
You're not safe if your equipment isn't.

What have you got to lose? Your life!
Wear the proper PPE.

Wear your PPE;
After all, you're only human.

The measure of safety is proper fitted PPE.

The great cover-up is all about your PPE.

Can they count on you?

Workers who do it right
Retire with better hearing and sight!

Top priority this year is safety gear.
Wear your safety line to save your spine.

The proper safety gear
Makes injuries disappear.

Safety gear should be used
And never, ever be refused.

Safety gear neglect
Can have a frightening side effect!

Safety fits, so wear it.

Safety equipment used right
Can save your senses of hearing and sight.

Safety equipment
Should be a part of every job.

Safety equipment has a purpose.
Put it in service!

Put on your safety equipment after break;
It will protect you from injury, pain and ache.

Protective gear everywhere is not being dense,
But don't forget the use of workplace common sense!

Properly use it, or probably lose it.

Prevent the pain;
Wear protective equipment.

PPEs are serious tools
Not ornaments for careless fools.

PPE only works when it's worn right.

Personal protection results in accident prevention.

One, two, three,
Wear your PPE.

Make a fashion statement;
Wear your PPE.

I made a commitment:
To protect myself and use safety equipment.

PPE - It's not what you wear
but how you wear it.

Having the gear is a start;
Using it makes you smart.

Hardhat, hard toe
Keeps you always on the go.

The first item on a safety inspection list should be
To wear your own safety equipment.

The best safety device is one that's being used!

Take care of your PPE, and it will take care of you.

Surround yourself with safety;
Use your PPE.

Safety gear suits everyone.

Safety equipment never goes out of style.

Safeguard the best years of your life;
Use the proper PPE.

Remembering to use your PPE is not Mission Impossible
- But Mission Responsible.

Remember your PPE is tailored for your needs.

Protecting your life is what safety is all about!

PPE is required,
Or you may lose your job
Without getting fired!

PPE is self defense;
Plain and simple.

PPE is safety you can wear.

Personal protective equipment:
Don't put it off – put it on.

Even though you wear PPE
Don't tune out safety hazards.

Don't end up in a hospital bed.
Wear your hard hat instead.

Wearing your hardhat today
Will let you whistle a happy tune tomorrow.

To keep yourself from pain,
Protect your brain.

Don't get knocked flat
By failing to wear your hardhat.

Wear your hardhat every day.
Falling objects could be heading your way.

A mind is a terrible thing to dent.
Always wear your safety equipment.

Wearing the proper head protection
Guards against danger from another direction.

A hardhat will do the trick,
Especially if you're fixing to get hit with a brick.

Hard hat protected

For your protection
make the equipment connection.

Don't spare it; wear it.

Proper protective equipment
Can smooth out the wrinkles.

Don't horse around here;
Always respect your safety gear.

Don't be casual about your PPE.
Take it seriously!

Protect your thinker.
Use a hard hat and safety glasses
Whenever you tinker.

Being safe means being fit
With the proper safety clothing.

Get the proper equipment and help you need,
Before performing a dangerous deed.

Always keep you personal protective equipment handy.

Take time to slip into something a little more safe.

You're in good hands
With your personal protective equipment.

Utilizing the right protection
May save a lesson in shower direction.

Okay and thumbs up to PPE.
They lead to a safety victory.

Head protection can save destruction,
Anywhere around construction.

Avoid the pain by protecting your brain.
Wear your hard hat.

Hardhats prevent headlines.

If you don't wear your hardhat,
You might have to take your lumps.

A falling object may not be seen,
So protect your head and stay keen.

You can't see falling debris.
So wear the proper PPE.

Don't end up hurt or even worse dead.
Keep that hardhat on your head.

Of falling bricks I have no fear.
My hardhat's vital, that's very clear.

Bad things may be coming your way.
Keep your head covered.

Hearing loss is a controllable thing

For the unexpected.

You will rise above the rest
When others see you've done your best

Being a safety leader
Can be a real pick-me-up!

Loud noises muffled by plugs in your ears
Will keep you hearing for many years

Keep knocking but you can't come in!

Protect your ears
For future years

I'll hear when I retire
Will you?

Want to hear?
Wear your gear!

Always use 'sound discretion'
When choosing your hearing protection

Don't tune it out -
Move your feet to the safety beat!

Wear hearing protection
For noise deflection

Retaining your ability to hear
Depends on you wearing
The proper safety gear

Listen Up - Pay Attention
PPE makes sound protection

Use hearing protection
Without it - it's 'hear' today, gone tomorrow

Against loud noises I'm sure you will see
How smart it is to wear PPE

You can put your mind to rest
With the sweet sound
Of hearing safety success

Whether you're working or playing
When noise in on the attack
Wear protection
Or you're hearing won't be back!

Noise can't penetrate
When your hearing protection is first rate

Without hearing protection,
Your ears may suffer
With hearing protection,
It's like wearing a muffler

Wear your ear protection
And silence the enemy

Screen out the noise
Before your ears begin to ring

Get rid of excessive 'pounds'
Wear hearing protection -
You'll reduce the sounds

Protect your ears
And you'll enjoy them for years

Hearing Protection -
De Fence Between You And Deafness

Use hearing protection to keep your poise
By protecting your ears from excessive noise

Wear ear protection
Or you'll need hearing correction!

If you are going to think of anything today...
Think Safety!

Hearing protection is a must
To keep your eardrums from going bust!

When there is noise pollution
Hearing protection is the solution

For safety's sake!
It's your hearing that's at stake!

Noise can be tough over the years
But you will be safe if you cover your ears

Wear your ear protection and wear it right!
Then noises won't hurt you, try as they might!

Hearing is important, it's a must to defend
PPE keeps loud noises from getting in

Be Wise
Listen With Your Eyes!

If you don't wear hearing safety equipment
This could be your greatest fear - to hear
Or not to hear

Noise can't hurt you
When you wear the safety gear
You're supposed to

What you don't hear
May be as important
As what you do

Noise can be tough over the years
But you will be safe if you cover your ears

Protect your ears from those big, bad,
Awful noises
To later enjoy some melodic, tranquil voices

Proper hearing protection
Helps keep noises from breaking in!

Protecting yourself from these big guys
Will allow you to hear your little ones

Always wear your safety gear
You'll never know when danger is near

To protect your hearing for many a year
Cover your ears when loud noises are near

Keep protection poised - for loud noise

Hear Ye! Hear Ye! Lend an ear to safety

Not wearing ear protection in noisy places
Results in you reading everyone's faces

Listen Up! There is no doubt!
Hearing loss you can do without!

If you find yourself in fear
You should have used
The proper gear!

If you get hooked on safety,
get safety hooked on you!

Tie one on for safety.

Is anything holding you back from leaving your job?

In the fight to protect your hearing
Wear hearing protection to be a winner

Wear your hearing armour
Eliminate harmful clamour

Ear protection is the solution
To noise pollution

Hearing protection may be inconvenient
But it's your best insurance
For hearing well into the future

Safety is a precious gift
Protect it 'til the end of your shift!

Make it your
Everyday commitment
To use the proper
Safety equipment.

The wrong safety equipment
Can let you down in a hurry!

Stay hooked on safety.

Get "hooked" on workplace safety.
