

Mail in Comment Form For Draft Joint Region Marianas Public Access Plan

A plan to facilitate public access to cultural and historic sites located on DoD properties

The Programmatic Agreement for the Military Relocation to Guam and the CNMI signed March 2011 states that the Department of Defense (DoD) will coordinate with the Guam and CNMI Historic Preservation Offices and all interested members of the public to develop a Public Access Plan for visiting cultural and historic sites that are under the responsibility of DoD on Guam and Tinian.

Consistent with this requirement, public comments are being sought to assist with the development of this Public Access Plan. The information provided by interested members of the community will significantly contribute to the development of a consistent and consolidated plan that supports traditional and cultural practices on Guam and Tinian, and takes into consideration operational requirements of the Military.
