Dear Maritza:

Enclosed you will find 10 copies of the Final RI/FS Work Plans to support our upcoming IRP work at the U.S. Naval Station Roosevelt Roads, Puerto Rico. As we discussed on the telephone yesterday, we have not addressed Mr. Castillo's comment on page 11 regarding submittal of the CRP, and NEESA's comment no. 4, page 31, regarding PCB acceptance criteria. In both instances, no response is necessary. All other comments have been addressed. By copy of this letter, we are also transmitting copies to the activity and your QA contractor.

If you have any questions, please feel free to call me at (703) 642-6732.

Sincerely,

James Spatarella
