Navy CLEAN, District III
Contract Task Order (CTO) 0007
Replacement Copies
Final Preliminary Assessment and Final Site Inspection
Naval Ammunition Facility, Vieques Island
Installation Restoration Program
U.S. Naval Station
Roosevelt Roads, Puerto Rico

Dear Commander Marchette:

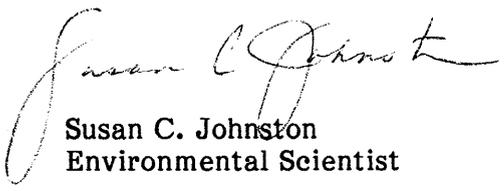

Baker Environmental, Inc., (Baker) has revised the Draft Preliminary Assessment and Draft Site Inspection Report for the Naval Ammunition Facility, Vieques Island under Contract N62470-89-D-4814, CTO-0007, for the Installation Restoration Program, U.S. Naval Station, Roosevelt Roads, Puerto Rico. Five copies of the Final Preliminary Assessment and Final Site Inspection were enclosed with our letter of October 12, 1992; for your use, an additional three copies were sent to LANTDIV-EIC.

We have found that the copies originally sent had incomplete print-outs of some score sheets. The replacement copies accompanying this letter contain the complete print-outs. The summary and conclusions are unaffected by the replacement.

We will contact Sr. Sindulfo Castillo of your department shortly to discuss this matter.

Sincerely,

BAKER ENVIRONMENTAL, INC.
