Dear Commander Ybanez:

I am writing in response to your letter of August 26, 1991 regarding a Site Inspection (SI) for the Naval Ammunition Facility, Vieques, Puerto Rico.

As explained in my letter of June 18, 1991 to Captain J.C. Kennedy, the U.S. Environmental Protection Agency (EPA) is required to evaluate all facilities listed on the Federal Agency Hazardous Waste Compliance Docket for possible listing on the National Priorities List. To meet this requirement, EPA must have certain information from the facilities.

According to your letter, you completed an SI in 1988 in the form of a Confirmation Study. We do not have this report in our files, so please forward it to this office. However, it is still necessary for you to provide us with further information. Please complete the PA score sheets and SI report form which were included in the package forwarded to Captain Kennedy on June 18, and return it to us no later than December 20, 1991. The requested information should be sent to:

Ms. Helen Shannon  
Region 2 Docket Coordinator  
U.S. Environmental Protection Agency  
26 Federal Plaza, Room 2930  
New York, New York 10278

Your cooperation in this matter is appreciated. If you have any questions, please contact Helen Shannon at (212) 264-6664.

Sincerely yours,
