Dear Mr. Cloe:

The U.S. Environmental Protection Agency (EPA) and the Puerto Rico Environmental Quality Board (EQB) have completed the review of the Draft Final Remedial Investigation Report for AOC H, Former Power Plant, dated May 2007. Our review indicates that our comments have been satisfactorily addressed. We therefore approve the remedial investigation report.

If you have any questions or comments, please contact me at (787) 741-5201.

Sincerely,
