Mr. Arthur Gibson  
Grumman Corporation  
Bethpage, NY 11714-3580

**Langdon Marsh**  
**Commissioner**

MAR -2 1995

Dear Mr. Gibson:

RE: Grumman Aerospace - Bethpage Facility  
SITE: 130003A

The Bethpage Water District (BWD) has requested that the outpost wells installed during the Remedial Investigation at the above-referenced site be sampled on a regular basis. The Department agrees with the BWD, and asks that a quarterly sampling of the following wells commence immediately:

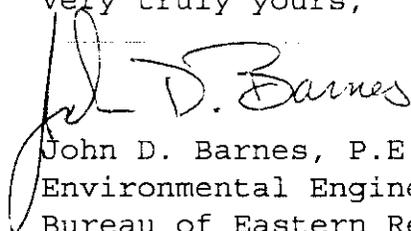

GM - 35D2  
GM - 36D,D2  
GM - 37D,D2  
GM - 38D,D2

This sampling program will continue for one year. At that time, a decision to modify the sampling frequency will be made.

The laboratory analyses may be limited to VOCs. The analytical data package must be provided to the Bethpage Water District, as well as the Department, upon your receipt of said data.

Please notify this office and Mr. John Molloy (H2M) five (5) business days in advance of the sampling activities. If you have any questions regarding this matter, please feel free to contact me at (518) 457-3395. Thank you for your assistance in this matter.

Very truly yours,

John D. Barnes, P.E.  
Environmental Engineer 2  
Bureau of Eastern Remedial Action  
Div. of Hazardous Waste Remediation
