Resource Conservation and Recovery Act  
EPA I.D. No.: NYD002047967

Dear Mr. Dassatti:

U.S. Environmental Protection Agency Region II has reviewed the Proposed Remedial Action Plan (PRAP) for Sites 1, 2, and 3 at the NWIRP, located in Bethpage, New York. This area is located within the borders of the Grumman-Bethpage hazardous waste management facility. Our comments are listed in the enclosure. Please notify your counterparts at the NYSDEC Division of Hazardous Waste Remediation, that the PRAP should not be public noticed until after the EPA and NYSDEC RCRA programs approve the final PRAP.

If there should be any questions regarding the above comments, Ms. Carol Stein, of my staff, can be contacted at (212) 264-5130.

Sincerely yours,

Andrew Bellina, P.E.  
Chief, Hazardous Waste Facilities Branch
