Subject: Extension of Deadline for Review of Navy's Draft ROD for OU 2 - NWIRP Bethpage

Steve/Rosalie:

During today's teleconference, the NYSDEC requested additional time to review and submit comments regarding the Navy's Draft ROD for Groundwater at NWIRP Bethpage (Operable Unit 2). The Navy has no objection to this request and as suggested, the new deadline for NYSDEC's review of the Navy's OU 2 Draft ROD is now close of business on Monday July 1, 2002.

If you require additional clarification prior to submitting review comments, please give me a call.

Steve: Could you please forward to Rosalie as I do not have her email address.
