Subj: SITE 1 - PHASE II SOIL VAPOR TESTING LETTER REPORT; NAVAL WEAPON
INDUSTRIAL RESERVE PLANT (NWIRP) BETHPAGE, NEW YORK; EPA ID #
NYD002047967

Dear Mr. Scharf:

The Navy is submitting two copies of the enclosed "Site1 - Phase II Soil Vapor Testing Letter Report, NWIRP Bethpage, New York". The report was prepared to present the initial results from the Phase II Soil Vapor Testing activities conducted from October 20th through October 30th, 2008 along the Town of Oyster Bay right-of-ways adjacent to Site 1. Indoor air sampling will begin the week of January 19th at targeted residential homes along 11th Street.

A website (<http://nwirpbethpage.navy-env.com>) was developed and provided to the public at the informational meeting held in October and the RAB Meeting held in November. The website contains information regarding the soil vapor intrusion investigation along with history, documents, schedule, and links to additional information regarding soil vapor intrusion. A copy of this letter report will be posted to the website.

Should you have any questions, please contact me at (757) 444-0781.

Sincerely,

LORA B. FLY
Remedial Project Manager
By Direction of the
Commanding Officer
