

Date: March 29, 2006
To: Commanding Officer
From: Drew N. Thomas (Retired Master Sergeant)
Subject: Request for Environmental Information - Brunswick, Maine

I was stationed at the Naval Air Station in Brunswick, Maine from September 1982 through December 1984 where I worked at check point hotel and compound as a section leader of 35 Marine Guard Force. We patrolled around the compound, which meant walking in streams and wooded areas.

I am currently experiencing health issues and would like to know if you have any information that would be of help to my doctors in determining the possible causes of my health issues, such as hazardous material at the site or any other conditions in the area that could have had an effect on my physical condition.

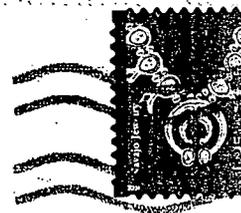

I would appreciate any information that you can provide me.
