Subject: Transmittal of Addendum to Site Evaluation Work Plan Building 95

Dear Jim:

Included are three copies of the Addendum to Site Evaluation Work Plan Building 95. The addendum includes a summary of minor changes, typographical errors, and omissions that were included in the recent submission of the work plan. Several tables and figures were also modified and are included in the addendum package. I have also sent copies of the work plan addendum to Meghan Cassidy at the USEPA (six copies), Ted Wolf at the MEDEP (three copies), and NAS Brunswick (four copies). Copies of the work plan have also been sent to the TRC distribution including the BACSE Group, town council, and the other citizen representatives.

Please feel free to call if you have any questions regarding the work plan.

Sincerely,

ABB-ES
