Re: Building 95 Draft Final Long Term Monitoring Plan (LTMP), Naval Air Station, Brunswick, Maine

Dear Mr. Coccoli:

Thank you for the opportunity to review the above document. We appreciate the extensive research and effort undertaken to achieve consensus on contaminants and locations to be monitored.

As the State is lead regulatory authority for Building 95, we support ME DEP's comments in their letter of April 21, 2000. We look forward to the resolution of these comments and issue of the final LTMP. The EPA has no additional comments to the LTMP.

Our copy of your response letter to ME DEP will be sufficient to close this matter. If you have any questions, please contact me at 617-918-1344 or barry.michael@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "MSB", followed by a long horizontal line extending to the right.
