MEMORANDUM

FOR THE MEMBERS OF THE TECHNICAL REVIEW COMMITTEE (TRC) FOR INSTALLATION RESTORATION PROGRAM AT NAVAL WEAPONS INDUSTRIAL RESERVE PLANT (NWIRP) CALVERTON, NEW YORK

This memorandum is to inform you that there will be a TRC meeting for NWIRP Calverton on Tuesday, July 12, 1994. The meeting will be held at Grumman Aerospace Corporation located in Calverton, New York and will commence at 9:30 a.m.

The purpose of the meeting will be to give a site-by-site status update regarding the Navy's environmental investigations; share preliminary results from the fieldwork effort which began in February 1994; and discuss future actions which the Navy would like to take.

Please supply a list of names of the personnel from your office who will be attending the TRC to myself at least one week prior to the meeting. This will allow Grumman security to have badges in their name ready upon their arrival. I can be reached at (610) 595-0567, ext. 163. Because of security requirements, it is requested that the TRC members meet at 9:00 a.m. in the security building located at the main gate on the south side of the property. A representative will then escort you to the meeting.

Thank you for your continued interest and participation in NWIRP Calverton's IR program.

Sincerely,

JAMES L. COLTER
Remedial Project Manager
by direction of the Commanding Officer
