MEMORANDUM

FOR THE MEMBERS OF THE TECHNICAL REVIEW COMMITTEE (TRC) FOR INSTALLATION RESTORATION PROGRAM AT NAVAL WEAPONS INDUSTRIAL RESERVE PLANT (NWIRP) CALVERTON, NEW YORK

This memorandum is provided as a follow-up to Mr. Marsden Chen's letter of August 13, 1996. Mr. Chen, who is from the New York State Department of Environmental Conservation (NYSDEC), has called a meeting to discuss the overall environmental program at NWIRP Calverton.

For those of you who did not receive Mr. Chen's letter, this memorandum will also serve as your formal invitation to attend this meeting as members of the Calverton Technical Review Committee (TRC). The meeting will be held on Tuesday, September 17, 1996, at the NYSDEC Region Office in Stony Brook, New York and will commence at 9:00 a.m. I am enclosing Mr. Chen's letter which has the directions to the Stony Brook office.

In addition to the agenda established by the NYSDEC to discuss the facility-wide environmental program, I would also like to discuss the following issues related to the Navy's Installation Restoration Program:

- Comment Responses on the RCRA Facility Assessment (RFA) Addendum
- No Further Action Proposals for various RFA Sites
- Workplan for Phase 2 RCRA Facility Investigation (RFI)
- Proposal for Parcelization of various areas

If you have any questions or require additional information, please give me a call at (610) 595-0567, extension 163.

Thank you for your continued interest and participation in NWIRP Calverton's IR program.

Sincerely,

A handwritten signature in cursive script that reads "James L. Colter".

JAMES L. COLTER  
Remedial Project Manager  
By direction of the  
Commanding Officer
