MEMORANDUM

FOR THE MEMBERS OF THE RESTORATION ADVISORY BOARD (RAB) FOR THE INSTALLATION RESTORATION PROGRAM AT NAVAL WEAPONS INDUSTRIAL RESERVE PLANT (NWIRP) CALVERTON, NEW YORK

The Navy would like to announce that a Restoration Advisory Board (RAB) meeting has been scheduled for **Wednesday, August 30, 2000**. This meeting is open to the general public and will be held at the Riverhead Masonic Lodge located at 1246 Roanoke Avenue in Riverhead, NY. Directions to the Masonic Lodge have been attached.

The agenda for the meeting, which will begin at 7:00 p.m., will be to bring the members up to date with regards to the environmental work that has been conducted since the last RAB meeting held on February 16, 2000. We will go over the Navy's schedule for work to be accomplished at each site over the next several years and will also discuss the potential to fund a TAPP (Technical Assistance for Public Participation) project specifically aimed at the Southern Area's contaminant plume.

Also enclosed are the minutes from the February 16, 2000 RAB meeting. These minutes were paraphrased from the meeting's official transcript. In addition, the meeting agenda and a copy of the minutes from the February 16, 2000 technical subcommittee meeting have also been included as attachments to these minutes.

A copy of both the meeting minutes and the official transcript will be available for review at the Navy's Information Repository located at the Riverhead Free Library. In addition, the RAB's community co-chair will also be provided with two copies of the transcript.

For the Community RAB members, an invitation to extend your term an additional two (2) years is also attached. Please fill out the information requested and return it to the address shown on the letter.

If you need additional information, please call either Debbie Cohen of Tetra Tech NUS, Inc. at (412) 921-7118 or myself at (610) 595-0567, extension 163.

Sincerely,

JAMES L. COLTER
Remedial Project Manager
By direction of the
Commanding Officer
