MEMORANDUM

FOR THE MEMBERS OF THE RESTORATION ADVISORY BOARD (RAB) FOR THE INSTALLATION RESTORATION PROGRAM AT NAVAL WEAPONS INDUSTRIAL RESERVE PLANT (NWIRP) CALVERTON, NEW YORK

The Navy regrets to announce that the November meeting of the Calverton Restoration Advisory Board (RAB) is being cancelled. This meeting was tentatively scheduled for **Thursday, November 3, 2005.**

Since the last RAB meeting held in August 2005, the Navy has been working to towards submission of Draft Feasibility Studies for Groundwater associated with Sites 6A and the Southern Area as well as a RCRA permit modification and transfer documentation associated with Parcel A. In addition, the Navy is awaiting comments/concurrence from the New York State Department of Environmental Conservation with regards to recommendations made to expand the Air Sparging/Soil Vapor Extraction (AS/SVE) system at IR Site 7. If concurrence is received, the Navy will begin immediate implementation of those recommendations.

Due to the efforts described above, the Navy has no new information to present at this time. The next regularly scheduled meeting of the Calverton RAB is April 6, 2006. However, if sufficient progress is made over the next few months regarding the Navy's Installation Restoration (IR) Program and if the community members wish, an interim RAB meeting can be held prior to the April 2006 meeting. A RAB Invite letter would be submitted to confirm the time and place of the interim RAB meeting.

The Navy regrets any inconvenience this cancellation may have caused. If you need additional information, please give me a call at (610) 595-0567, extension 163 or email me at james.colter@navy.mil.

Sincerely,

JAMES L. COLTER, P.E.
Remedial Project Manager
By direction of the
Commanding Officer
