SUBJ: SUBMISSION OF LOW FLOW SAMPLING PROCEDURES FOR USE DURING GROUNDWATER  
SAMPLING EVENTS AT SITE 1 - NORTHEAST POND DISPOSAL AREA; NWIRP  
CALVERTON, NEW YORK

Dear Mr. McCullough:

The enclosed document is being forwarded for your review. It describes the protocol for low flow sampling that the Navy will be using to take groundwater samples from various monitoring wells located at the Navy's Installation Restoration (IR) Site 1 - Northeast Pond Disposal Area located at NWIRP Calverton.

The first groundwater sampling event is scheduled to occur during the week of June 16, 1997. Therefore, the Navy is requesting that any comments that you may have relative to this procedure be forwarded as soon as possible. If no comments are received, then the Navy will proceed with low flow sampling of the groundwater at Site 1 as scheduled.

If you have any questions or need additional information, please give me a call at (610) 595-0567, extension 163. If you would like to fax your comments, my fax number is (610) 595-0555.

Sincerely,

JAMES L. COLTER  
Remedial Project Manager  
By direction of the  
Commanding Officer
