MEMORANDUM

FOR THE MEMBERS OF THE TECHNICAL REVIEW COMMITTEE FOR THE
INSTALLATION RESTORATION PROGRAM STUDIES AT THE NAVAL WEAPONS
INDUSTRIAL RESERVE PLANT (NWIRP), CALVERTON, NY

Enclosed please find a Draft RCRA Facility Assessment - Sampling
Visit Work Plan for your review and comment. This report outlines
the field sampling plan and quality assurance measures proposed
for three areas at NWIRP. The specific areas include:

- * Site 8 - Coal Storage Pile Area
- * Site 9 - ECM Area
- * Site 10 - Cesspool/Leach Field Areas (multiple locations).

Please note that the areas addressed in this work plan have been
identified as potentially contaminated since the scoping of the
Site Inspection.

The work plan was prepared in accordance with the New York State
RCRA Hazardous Waste Permit (NYSDEC 1-4730-00013/00001-0) and is
also intended to comply with the requirements of a First Phase
RFI Work Plan for the USEPA facility permit (EPA ID Number
NYD003995198).

In order to maintain the current project schedule, please provide
your comments in writing on or before December 10, 1992.

If you have any questions or concerns about the Installation
Restoration (IR) Program, please contact me at (215) 595-0567.

Sincerely,

Debra L. Felton, PE
Remedial Project Manager
By direction of the Commanding Officer
